

BROWN JORDAN

The superior tailoring and design of a BROWN JORDAN cushion ensures that our furniture achieves the look and feel of casual elegance you expect from quality outdoor furniture.

- All components are designed and developed to meet Brown Jordan's signature seating specifications
- Industry-best, zippered, water resistant cushion wrap repels water
- Indoor / residential foam provides same comfort levels as fine residential upholstered furniture
- Sits with down-like comfort
- Depending on the design style, some cushions feature additional fill for crown / shape
- Breathability allows for long lasting comfort and quick recovery
- No more standing on end to drain

High-grade foam offers flexibility and instant recovery.

Water repellent outer bag further prevents water and moisture from reaching the foam and fiber fill.

Foam is layered with fibers fitted for down-like comfort and is inherently water resistant.

Internal partition-construction prevents fill from shifting.
